

ITU is the leading United Nations agency for information and communication technologies, with the mission to connect the world. To achieve this, ITU manages the radio-frequency spectrum and satellite orbits at the international level, works to improve communication infrastructure in the developing world, and establishes global standards that foster seamless interconnection of a vast range of communication systems. ITU also organizes global Telecom events bringing together the most influential representatives of government and the private sector to exchange ideas and knowledge for the benefit of all.

Date of Issue: 12 June 2020

Currently accepting applications

Applications from women are encouraged

Functions: Programme Administrator

Post Number: TD27R/P2/909

Deadline for Applications (23.59 Geneva CH) : **12 August 2020**

Duration of Contract: 2 years with possibility of renewal for 2 additional years

Type of Appointment: Fixed-term Appointment Duty Station: Bangkok, Thailand

Grade: P2

Organ:

The Telecommunication Development Bureau (BDT) is responsible for the organization and coordination of the work of the Telecommunication Development Sector (ITU-D) of the Union which deals mainly with ICT-focused development policies, strategies and programmes, as well as technical cooperation activities, to promote digital inclusion and drive digital transformation at community, country and regional levels. To effectively and efficiently serve the needs of ITU members, BDT is organized into four functional areas:

- Office of the Deputy to the Director and Field Operations Coordination Department
- Partnerships for Digital Development Department
- Digital Networks & Society Department
- Digital Knowledge Hub Department

Organization Unit:

The office of the Deputy to the Director and Field Operations Coordination Department is responsible for advising and supporting the Director on the direction and management of the Bureau. It is also responsible for leading all matters related to personnel, strategic, financial and operational planning and reporting processes. The department oversees the work of the Regional Offices, ensuring proper delegation of authority and accountability of the Regional Offices. This department coordinates the holding of BDT conferences and events, monitors the implementation

of decisions emanating from the World Telecommunication Development Conference (WTDC), the Telecommunication Development Advisory Group (TDAG) or Council, and cooperates closely with the other Sectors of the Union and the General Secretariat on matters of relevance to BDT and the overall work of the Union. BDT Regional Directors report to this department.

Duties / Responsibilities

Under the supervision of the Director of the Regional Office for Asia and the Pacific and in close collaboration with other ITU officers in the Regional Office and Area Offices as well as thematic clusters, the incumbent performs the following duties:

- Provides assistance to programme coordinators in the expansion and administration of programmes and projects. Supports programme and project identification, planning and implementation. Proposes corrective actions. Conducts topic and situational analysis, informing supervisor(s) of findings.
- Contributes to the definition of programme and project requirements by evaluating existing cooperation programmes and project documents. Prepares programme and project proposal information and revises information as required.
- Researches developments in the area of expertise of the subject matter. Conducts research on local, national and regional issues relating to information technology. Analyses and interprets background history and documentation of programmes and projects. Prepares, compiles and exchanges information as required for presentations, speeches, documents, reports and papers, contributing background information. Conducts research to identify extra budgetary funds and programme and project sponsors.
- Attends meetings, conferences or events; prepares presentations on topics related to ITU/BDT activities in the Region and drafts speeches.
- Collaborates with the corresponding Bureau at headquarters and the corresponding Offices in the region and supports the organization's and United Nations efforts to strengthen positions with intellectual and academic institutions. Identifies and proposes cooperation opportunities on a regular basis.
- Contributes to the preparation of the draft Operational Plan by analysing requests received and proposing actions to fulfil priorities set by the Regional Initiatives preparing the draft budget for each proposed activity, including activities of digital skills development and capacity building; assists with the coordination and monitoring of its implementation in the Region when approved.
- Participates in administrative activities related to the implementation of regional, sub-regional and national FIT projects under the responsibility of the Regional Office; analyses progress and prepares reports; guides and orients the contributions of consultants, project personnel, donors, institutions and governments towards the achievement of the projects objectives.
- Implements the decisions/recommendations of World and Regional Development Conferences; works in close cooperation with BDT clusters, those pertaining to the Region.
- Contributes to the maintenance of IT Infrastructure of the Regional Office including the ITU Regional Office webpage, servers, LANs, leased line connectivity, Wi-Fi connectivity and upkeep of IT devices for Regional Office, in close collaboration with the IT team at ITU HQ.

- Performs any other related duties that may be assigned by the Director of the Regional Office.

Competencies

- **Core Competencies:** Applying Expertise; Effective Communication; Learning and Knowledge Sharing; Organizational Commitment; Results-Focused, and; Teamwork and Collaboration.
- **Essential Functional Competencies:** Analysis, Judgement and Decision-Making; Client and Service Orientation; Innovation and Facilitating Change; Networking and Building Partnerships, and; Planning and Organizing.
- **Essential Technical Competencies:** Excellent research skills and very good knowledge of global trends in the area of the work. Knowledge of information technology networks, projects, cloud, software and data analytical frameworks in the area/region. Knowledge of project management principles and methodologies.

Qualifications required

Education:

University degree in engineering, information technology, business administration, economics, international relations or a related field or education from a reputed college of advanced education with a diploma of equivalent standard to that of an advanced university degree in one of the fields above.

Experience:

At least three years of progressively responsible experience in telecommunication/ICT developments related activities, including at least one at the international level. An advanced degree in a related field can be considered as a substitute for one year of working experience. A doctorate in a related field can be considered as a substitute for two years of working experience. Experience within the telecommunication sector in the Asia and Pacific Region and good knowledge of the regulatory scenario in the Region would be an advantage.

Languages:

Knowledge of one of the six official languages of the Union (Arabic, Chinese, English, French, Russian, Spanish) at advanced level and knowledge of a second official language at intermediate level. Knowledge of a third official language would be an advantage. (Under the provisions of Resolution No. 626 of the Council, a relaxation of the language requirements may be authorized in the case of candidates from developing countries: when candidates from such countries possess a thorough knowledge of one of the official languages of the Union, their applications may be taken into consideration.)

Additional Information:

Salary:

Total annual salary consists of a net annual salary (net of taxes and before medical insurance and pension fund deductions) in US dollars and a post adjustment (PA) (cost of living allowance). The PA is variable and subject to change without notice in accordance with the rates as set within the UN Common System for salaries and allowances.

Annual salary from \$ 47,895 + post adjustment \$ 21,170
